additional information.***

Benefits of ORGANICLEE®

- 1) **Improves soil structure and porosity - creates a better plant root environment**
- 2) **Improves the moisture holding capacity of light soils - reduces water loss and nutrient leaching, and improves moisture retention**
- 3) **Supplies organic matter**
- 4) **Aids the proliferation of soil microbes**
- 5) **Supplies beneficial microorganisms to soils and growing media**

ORGANICLEE® is produced by the Lee County Solid Waste Division and sold for \$10.00 per cubic yard plus tax. The product is also sold in bags at \$2.45/bag plus tax.

Call 533-8000 to speak with a County representative for large volume pricing.

This product is registered and licensed with the Florida Department of Agriculture and Consumer Services.
