### Summit Overview

---

The theme of the 2016 SWFL Sustainability Summit is **“Healthy People, Healthy Place, & Healthy Profit”** to improve our Quality of Life. We are bringing back the Sustainable Art Gallery and adding a new and exciting Electric Car Show along with a celebrity game show hosted by former Tampa Bay running back Earnest Graham. We’ll see Innovative Vendors and explore even more creative and innovative opportunities to create a better tomorrow!

Building on the success of last year’s inaugural Summit, we expect over 300 elected officials, public sector leaders, community advocates, and private sector business executives to attend the 2nd Annual SWFL Sustainability Summit. We are bringing experts in healthcare, business, government, and city planning together to talk about redefining the trajectory of Southwest Florida’s future. We are thrilled to have former Vice President of Public Affairs & Corporate Communications for Dow Corning Corporation Mary Benecke as our keynote speaker. She will talk about her experience at Dow Corning and her key role in the revitalization of downtown Bay City, Michigan.

Thank you for your support of **SUSTAINABILITY!**
